

The Red Group Newsletter

— March 2012 —

Greetings from the Red Group!

Welcome Parents to our second newsletter of the school year! We've got a lot of exciting events and information to share with you, in addition to some great photos of our classroom in action! Since our last newsletter in November, the Red Group has been making great strides in not only their confidence and ability to express themselves, but also their physical developments and capabilities! We've had a lot of holidays in the past few months, and it has really been amazing to see how much our young group has grown and matured in between our school breaks!

This term holds a lot more challenges for the group as they continue to grow! Thank you for all of your assistance and support!
- Ms. Katie and Ms. Thanh

When we left off in November, Albert, Yi-Chen, Max, and Ana had just joined the Red Group. They quickly made friends, new and old, and we're very happy to see them shine and building their social skills with their classmates and teachers!

The Red Group has shown a lot of interest in learning letter sounds and in writing these letters over the past few weeks. We encourage this interest by singing songs, playing letter games, practicing our writing skills with tracer pages. They're very close to writing their names now! Great Job!!!

Job!!
Phonics

★ HAPPY BIRTHDAY! ★

On November 28th, we celebrated Yash's 4th birthday in our class. The party was complete with balloons, yummy chocolate cupcakes and a little surprise for the birthday boy!

Merry Christmas

Chúc Mừng Năm Mới 2012

Thanks for stopping by Santa!

Bringing in the Year of the Dragon!

This term was full of major holidays! We were very busy bees in our classroom as we prepared for Christmas/New Years and Tet! Santa dropped by the school to hand out lovely gifts to all of the children, and we had a lovely Christmas party with the Blue Group!

We went on our first class outing to celebrate Tet! The Dragon Dance came to visit Smartkids Riverside, and we were so excited to be part of the action! There were drums, dancing, and a whole lot of smiling!

COMMUNITY HELPERS

This term, we are exploring the theme of 'Caring and Sharing'. It's something we see and show ever day at home, school and out in our communities, so what better way to begin than talking about our Community Helpers! Doctors, teachers, fire fighters and police officers – we are covering a broad range of occupations and concepts that show how these people care and share with the community!
