Playful learning in English

OUR VISION

Our kindergarten is a place where children:

- Socialize, play with and respect other children
- Build confidence and skills through exploring
- Enhance self esteem and learn to make choices
- Develop at their own pace
- Become "equipped" for life and ready to enter international primary schools

We offer a foundation for life; through playful learning and enjoying situations that are different from those at home.

OUR FOCUS

SmartKids focusses on "learning through play". SmartKids offers a positive, child centered, safe environment, in which young children can develop and explore at their individual level of development.
