My Wonderful World

We will be "traveling" the world with our theme this term! We started off learning about where we are all from, which made us more aware and understand our similarities and differences in the way we look, the way we speak and our way of life. It is amazing how children remember not only their own but also their friends' countries and flags, which they like to look for on the globe.

A look back on what we have been doing...

After the October break, we talked about Halloween which was an exciting topic! We made masks, spiders and bats. We looked at big pumpkins and made jack-o-

lanterns. And of course Halloween wouldn't be complete without a dress-up day! Having our mummies and daddies on that day made it more special.

In November we talked about "Me and my Emotions". It was interesting to learn about our feelings; how we show these through facial expressions and how to deal with them in a nice way. Knowing our own emotions, we have also learned to tell how our friends

are feeling by looking at their facial and body expressions. During this topic, we made a "Kindness Tree" where we recognized acts of kindness in the classroom. This activity promoted kindness towards each other and we saw the tree blossom towards the end of the topic.

SO MUCH FUN WHEN SANTA CAME TO VISIT

December was all about Christmas! We had fun making colorful decorations, putting up the christmas tree, wrapping presents and singing christmas songs.

This term is all about "My wonderful world". Since we all live in Vietnam, we decided to talk about this first. Our friends from Vietnam made their flag and country outline. While we all made ao dai, lotus flower and conical hats. The highlight for the children was making fresh spring rolls which was so much fun!
